

Directorships and Other Positions

The FCA's [Conflict of Interests Policy](#) requires all FCA employees to declare any directorships, employment or similar relationships they hold or have held during the previous five years. They are also required to disclose such relationships currently held by their Close Family Members. A similar [policy](#) requires Non-Executive Directors to make such disclosures.

The FCA manages any potential conflict of interests in accordance with the Conflict of Interests Policy and applicable law. In addition, the information below that has been provided by members of the Board and the Executive Committee is disclosed in the interests of transparency.

The information shows positions currently held, or held during the previous five years, by Board and Executive Committee members. Positions currently held by Close Family Members in firms whose principal business is regulated by the FCA are also disclosed. The disclosures do not include positions with organisations that are not authorised by the FCA unless they represent a significant time commitment. They also do not include family or private arrangements such as residents' associations and leasehold management companies.

'Close Family Member' is defined as an individual who is a Spouse/Partner, Parent, Sibling or Child of an FCA employee or Non-Executive Director as defined in the Conflict of Interests Policy.
