We need fees information to calculate your Financial Guidance Levy (FGL) debt advice, which replaced the Money Advice Service (MAS) debt advice levy. The levy continues to be based on secured debt.

This guidance sheet provides details on the data to include within the firm's fee tariff data submission. We have given links to relevant parts of our Handbook to help you complete the form correctly. This sheet covers the following fee-block:

- FGL fee-block A002D**

For more information on this, including which regulated activities place firms into the above fee-block, please refer to our fees manual ([FEES](#)).

Each year we consult on any proposed fee policy changes and fee tariff bases may be subject to change. So before submitting the fee tariff data you should also refer to the [latest publications](#) about fees on our website. These explain any proposed changes to the tariff data you must report, and the expected date when any changes will be implemented.
